

# SAFETY GUIDELINES & REQUIREMENTS FOR MALAYSIAN RUBBER INDUSTRY

DATE & TIME

**28 - 29 MAY 2025**  
9.00 AM - 5.30 PM

VENUE

**CONCORDE HOTEL  
SHAH ALAM**

TRAINING FEE

**MRC MEMBERS**  
RM200

**NON-MEMBER COMPANIES**  
RM500

**Limited seats available**

*Certificate of Completion will be provided upon successful completion.*

Workplace safety is a critical concern, as accidents and hazards can result in serious consequences. The Department of Occupational Safety and Health (DOSH) highlights that companies need to stay compliant with safety regulations and actively manage workplace risks. This 2-day Safety Guidelines & Requirements for Malaysian Rubber Industry workshop is designed to address these needs by equipping participants with essential knowledge and skills for workplace safety management.

## KEY OBJECTIVES

- Understand occupational safety regulations and standards.
- Develop skills in hazard identification, risk assessment, and compliance.
- Foster a culture of safety and proactive risk management in SMEs.

This programme is vital for SMEs aiming to ensure compliance, enhance safety standards, and improve workplace productivity.

## WHO SHOULD ATTEND

- Production Supervisors and Managers
- Safety Officers
- OSH Committee Members
- Quality Control Personnel
- Environmental, Health & Safety (EHS) Officers
- Sustainability & Compliance Officer

## TRAINERS

### MDM. NG KHA CHAN

**Immediate Past President of Plastics and Rubber Institute Malaysia (PRIM)**

Former Group Director of Kimberly Clark and certified trainer from International Professional Managers Association through CHESS training institute in 2005.

### MR. CHAN PAK KUEN

**Past President of Plastics and Rubber Institute Malaysia (PRIM)**

Former Division head of Research & Technology and Global Rubber Technical Consultant. More than 40 years of technical and operation experience in rubber manufacturing industry.

### MR. RAJA SELLAMUTHU

**Vice President (Rubber) of Plastics and Rubber Institute Malaysia (PRIM)**

Professional experience in the rubber industry specialising in manufacturing best practices, lean manufacturing, quality management systems, research and development, new technology, and smart factory operations.

### MS. VIMALA RAGHAWAN

**Health, Safety & Environmental Legal Advisor / Director of National Institute of Occupational, Safety & Health (NIOSH)**

More than 20 years of experience in Health, Safety & Environmental, bridging sustainability with environmental, health and safety compliance.

## PROGRAMME

### DAY 1

- 8.30 am** Registration / Breakfast
- 9.00 am** Welcoming Remarks by MRC
- 9.15 am** Occupational, Safety and Health (OSH) Regulations Specific To The Rubber Industry
- 10.00 am** Proper Handling And Storage Of Rubber Materials To Prevent Accidents And Ensure Safety
- 10.45 am** Morning Tea Break
- 11.00 am** Personal Protective Equipment (PPE) Requirements For Workers In The Rubber Industry
- 12.30 am** Lunch Break
- 2.00 pm** Machinery Safety Guidelines For Rubber Processing Equipment
- 3.00 pm** Emergency Response Procedures For Incidents In Rubber Manufacturing Plants
- 3.45 pm** Afternoon Tea Break
- 4.00 pm** Chemical Safety Guidelines For Handling Rubber Processing Chemicals
- 5.00 pm** Q & A
- 5.30 pm** End of Programme

### DAY 2

- 8.30 am** Breakfast
- 9.00 am** Fire Safety Measures In Rubber Manufacturing Facilities
- 10.00 am** Safety Protocols In Rubber Industry
- 10.45 am** Morning Tea Break
- 11.00 am** Health And Hygiene Guidelines For Workers In The Rubber Industry
- 12.30 am** Lunch Break
- 2.00 pm** Regular Safety Audits And Inspections To Ensure Compliance With Safety Regulations
- 3.00 pm** Safety Incidents – Case Study / Investigation Guidelines / Reporting System
- 3.45 pm** Afternoon Tea Break
- 4.00 pm** Safety Best Practices
- 5.00 pm** Q & A / Satisfaction Survey / Evaluation Form
- 5.30 pm** End of Programme
