

# Webinar Market Updates on Automotive Aftermarket Supply Chain in China, Indonesia, Myanmar and Vietnam

Date: 26 January 2021

Time: 10.00am to 12.30pm

Online Platform: Microsoft TEAMS

Language: English

### ***About the Webinar***

ASEAN is a developing region with many market opportunities and possibilities. Through identifying and understanding the rubber automotive aftermarket segments in three of the ASEAN countries, Indonesia, Myanmar and Vietnam, Malaysian rubber automotive players will acquire knowledge to strengthen market presence and enhance their export markets in these three countries. Meanwhile, China is known as a country with the strongest economy in Asia. In fact, China is the world's second largest economy after the US with a GDP of approximately USD 14.9 trillion. As a country with the strongest economy in Asia, the market study conducted on the Automotive Aftermarket in China resulted in many interesting findings useful for the Malaysian rubber automotive exporters.

The first presentation will focus on market updates on Automotive Aftermarket Supply Chain in ASEAN for three countries, Indonesia, Myanmar and Vietnam. The second presentation by the research company will highlight the market updates on Automotive Aftermarket in China. The market information updates will provide Malaysian exporters with information on the distribution channels and the main importers and distributors of rubber automotive parts in the aftermarket segments in the respective countries. The studies will also provide companies with the directory of potential buyers in these countries.
