Market Information Seminar Surgical Gloves in US and Europe, Medical Device Procurement Practices in Middle East, Africa and South Asia and Rubber Gloves Manufacturing in China

Objectives

The seminar is aimed to provide Malaysian exporters of rubber medical devices with market information on surgical gloves in US and Europe and rubber gloves manufacturing in China to assist Malaysian companies in increasing exports to these regions. The seminar will also provide Malaysian exporters with information on the procurement processes, policies and procedures for rubber medical devices (gloves, condoms and catheters) in public and private healthcare institutions in Middle East (Iran, Iraq, Saudi Arabia and UAE), Africa (Egypt and South Africa) and South Asia (Bangladesh and Pakistan). The seminar will highlight the key stakeholders and supply requirements of rubber medical devices in the eight countries.
