

Malaysia is a major exporter of high quality rubber products. Malaysia has progressed successfully from largely an exporter of raw natural rubber to an exporter of a wide range of value-added rubber products. Malaysia is also widely recognized for its competitiveness in meeting the world's demand for high quality rubber products.

With sound manufacturing practices and continuous innovation, Malaysian manufacturers have proven themselves capable of adapting to meet specific customer requirements.

The Malaysian rubber industry also has the advantage of R&D support and testing laboratories provided by the Malaysian Rubber Board (MRB) and the Tun Abdul Razak Research Centre (TARRC) in the United Kingdom.

Malaysia: World's No. 1 in Medical Gloves and Rubber Catheters

Directory of Participating Malaysian Rubber Product Manufacturers

Dusseldorf, Germany
14 - 17 November 2016
