## WIDE RANGE

**Variety of Products**

There are various types and dimensions of condoms produced by Malaysian manufacturers which can be differentiated by shape, size, texture, colour, flavour, lubricant, and packaging. They are also customisable based on specific requirements.

## SAFE

**Made With Natural Rubber**

With renowned anti-slipping properties, greater elasticity and durability, natural rubber condoms are highly effective protection against most sexually transmitted diseases, including the HIV virus. Condoms are also an effective contraceptive for family planning.

## REPUTABLE

**Established Reputation** ★★★★★

Malaysia has a long history in the rubber plantation industry, with more than 140 years of experience. Over the years, Malaysia has transformed itself to focus on producing quality rubber products such as condoms. Today, Malaysian manufacturers produce high-quality condoms for users around the world. Malaysia is one of the world's leading exporters of condoms.

## Advantages of Made in Malaysia Condoms

## SUSTAINABLE & SOCIAL

**Environment-Friendly**

Made in Malaysia condoms are made from natural rubber and is inherently an environment-friendly material, being biodegradable, with rubber trees contributing to atmospheric air renewal and sustainable planting.

## GOOD QUALITY

**Meet International Standards**

Made in Malaysia condoms are wrapped in foil packaging and sealed using advanced equipment to protect against deterioration and to preserve reliability. The products are 100% tested and conform to stringent international standards such as ASTM, EN and ISO.
