# ADVANTAGES OF MADE IN MALAYSIA PRECURED TREADS

## ESTABLISHED REPUTATION

Malaysia has over 140 years of experience in the rubber industry. Today, Malaysian manufacturers produce quality precured treads and retreading materials for various markets around the world.

## TECHNICAL EXPERTISE

Malaysian manufacturers have more than 80 years of experience and technical knowledge in formulating excellent rubber compounds which are critical to achieve durability and high quality precured treads. The manufacturers are also capable to provide technical advisory and support for the entire production process of retreaded tyres.

## WORLD'S FIRST AND ONLY STANDARDS FOR PRECURED TREADS

Malaysia is the only country in the world that has product standards (Malaysian Standard) for precured treads to assure the quality of retreaded products. The Standards include MS1208 (Precured Tread), MS1348 (Cushion Gum), MS1097 (Rubber Compound) and MS224 (Retreaded Tyre).

## DIVERSE RANGE OF PRECURED TREADS

Made in Malaysia precured treads are available with a variety of patterns specifically to suit different types of road conditions (highway, regional, off road, urban) and vehicles such as cars, trucks, trailers, buses, earthmovers, tractors, aircrafts, and even military vehicles.

## CUSTOMIZABLE RETREADING MATERIALS

Malaysian manufacturers customized and produced different compounds and materials to complement the manufacturing of precured treads. Other retreading materials produced by Malaysian manufacturers include cushion gums, camelback, orbitread, and repair ropes.

## HIGH PERFORMANCE AND SAFETY

Made in Malaysia precured treads are created to provide the best safety features to user such as anti-avulsion abilities, extra durability, excellent grip in all weather conditions, high resistance against heat, wear, chipping and cracking.

## MEET INTERNATIONAL STANDARDS

Malaysian manufacturers are equipped with modern manufacturing facilities that comply to international standards such as ISO 9001 and ISO 14001 to continuously produce high quality, reliable, and value-for-money precured treads.

## WORLDWIDE EXPORT

Made in Malaysia precured treads are exported to over 40 countries globally such as Australia, Japan, Kenya, New Zealand and United States.
